

## Arrival

## Travelling by car

Ulm is situated in the middle of southern Germany. Here Europe's most important crossroads the A7 and A8 highways meet. The Fair's ground is situated just within the city limits, very close to the A8. Please use highway exit "Ulm Ost". Simply follow the 3m blue signposts "Ulmer Messe" or our specific orange TECHNORAMA signs.

Using the Park-and Ride parking lot, you can go on street car No 1, towards "Stadtmitte" stop "Donauhalle". Further information for parking spaces you will find on [www.tourismus.ulm.de](http://www.tourismus.ulm.de) or [www.parken-in-ulm.de](http://www.parken-in-ulm.de).

## Travelling by train (DB)

Due to its central location, Ulm is perfectly connected to the ICE train network. Leaving the train station, you get on street car No 1, towards "Böfingen" until stop "Donauhalle". Information concerning your journey by DB or other public transportation can be obtained at the tourist information.

## Low emission Zone

In Ulm and Neu-Ulm, as in other towns and communities, a low emission Zone was set up. The town's governments thus transpose EU-regulations to improve air cleanliness. Concerning the TECHNORAMA a satisfactory solution was provided by the town's government. A special arrangement was achieved for the TECHNORAMA.

For exhibitor cars without an environmental sticker, a special access permit to the Fair's ground was granted. Legitimation by means of adequate documents such as registration form / confirmation of order or exhibitor's tickets.

For visitor cars not displaying an environmental sticker, a Park & Ride parking lot was set up. It is the Ebner parking lot, Eberhard - Finck Str. 61, Ulm. Easy access coming from A8, exit "Ulm Ost" with a direct street car connection to the Fair's ground within 2 stops ("Donauhalle").
