PR-Preview 2023

Technorama Hildesheim – The event for classic cars and motorcycles friends!

On the 13th and 14th May 2023 the oldtimer and youngtimer friends with petrol in their blood come to the Technorama in Hildesheim. The well-stocked classic car market has just about everything in terms of spare parts, old technology and classic car accessories for mechanics, collectors and hobbyists. A special feature this year is a Dutch exhibitor for and with classic motorcycles. Some restored oldtimer and youngtimer are offered for sale. The classic car and motorcycle scene in the north is represented by attractive club stands and provides information about historical cultural assets, including bicycles. Everyone looks forward to talking to like-minded people and enjoying the relaxed Technorama flair.

The vintage car and motorcycle meeting goes directly to the Lerchenkamp airfield. Hundreds of vehicles, each more beautiful than the next, fill the grounds. The passion burns with these glamorous vehicles on two or four wheels. At the meeting, vehicles up to 80 years of age can park for free on the site and the driver has free entry. For vehicles from year 81 to 92 the parking lot is free and the driver pays admission.

The classic car comparison runs on the 2.7 km long circuit are followed with enthusiasm and the interest of the starters is great. More than 250 racers in 11 categories show their driving skills. These include several motorcycle classes, a sidecar class, a class for formula and pre-war vehicles and other automobile classes. The variety of vehicles is remarkable and offers the spectators a varied program. The paddock, which is accessible to visitors, is also interesting.

The opening hours are Saturday from 9 a.m. to 6 p.m. and Sunday from 9 a.m. to 4 p.m. The day ticket costs 15 euros, children up to 12 years are free. The visitor car park is located directly on the airfield.
